**Curfew:** Any person under the age of 18 unaccompanied by a parent or legal guardian may not be out and about between 11:00 PM - 6:00 AM Sunday through Thursday and 12:00 PM - 6:00 AM Friday and Saturday.

**Board of Review:** The Village of Reedsville will hold its first meeting on May 13, 2008 from 2:00 PM to 4:00 PM, in the hall at the Reedsville Municipal Building, 217 Menasha Street, Reedsville, WI. The meeting will be at the Village Hall, Thursday, May 8th at 6:30pm.

## Community Under the Stars this year is a Street Festival

Reedsville is actively recruiting local citizens, businesses, and community organizations to participate in the 2008 Community Under the Stars to be held on Saturday, September 20th on Manitowoc Street. Plans are underway and we are hoping to include as many community members to participate in the fun through providing food, entertainment, games, educational information, and much more. Please mark your calendars for this special community event and contact Carrie at 901-9417 or [ragd@reedsville.org](mailto:ragd@reedsville.org) to become a part of the fun! Our next planning meeting will be May 28th at 6:30pm, at Fox n Hounds.

### Reedsville Area Garden Club

Are you interested in gardening? Are you interested in helping make the Reedsville community and it's surrounding area a beautiful, colorful place with flowers? Join us on Wednesday, May 14th at 6:30pm at Fox and Hounds to organize and plan the agenda for the summer projects. Several flower beds will be selected for a major flower makeover by the group. Help us by joining the organization. Call 754-4370 or 754-4224 to get more information.

### Thumbs Up / Thumbs Down

Another Prom is history here at Reedsville High School. And it appears to have been a safe one. But certain things really disturb me. There are a group of parents who work very hard at getting entertainment, food and prizes for a Post Prom Party for the students at the Brillion Community Center for the last several years. Transportation is provided for this event to and from. They put many hours into this endeavor for the students to have a fun place to go after, trying to eliminate the house parties. Why is it then that SOME PARENTS still think it's better to open up their homes for parties instead? Is it because you think that makes you a better parent because your child can bring their friends to your place? You can do that anytime – why do you have to do it on that night? Is it because your students just want to be with a “select” group of kids? They could do that at the Community Center, too (sit in the corner talking to just their friends). I'm not saying that there is anything illegal going on at these parties, but just that it seems kind of rude for parents to approve of having parties at their homes when they know that the school is endorsing a post-prom party for that purpose. It's like a slap in the face to the parents who helped put the Post-Prom party together. If you, as parents, can't insist that one night in the year, your children go where they maybe don't want to be, then I feel sorry for you. Most are not adults yet, and you do have (or should have) some control over them. ORCHIDS to the group of parents who worked so hard to have a safe, fun filled evening for the students of RHS. ONIONS to the parents who didn't insist on their students attending this party and instead, opened their homes to groups for this purpose.

Bernice Brochtrup

### The Corner House

May is the month we all celebrate Mother's Day, on May 11th. A big variety of flowers will be available at the Corner House beginning in May. You may select from hanging baskets, patio pots, mother's gardens, blooming/green plants, cut flowers, baskets, vases, mixed bouquets, centerpieces, corsages, and much more. A wide variety of fresh flowers will be available: roses, carnations, lilies, liatris, daisies, tulips, daffodils, iris, wax flowers, and more. Call in your order early to get the best selection, 754-4370.

Annuals and perennials will be available soon. The biggest selection will be the week after Mother's Day. Call if you desire a special kind of flower. Remember we do plant your outdoor pots. Bring them in and we'll help you. Let's have everyone have a patio pot by their front entrance this year!

### For Women Only: Protect Your Feminine Health by Keeping Estrogens in Balance

Xenoestrogens are environmental pollutants that have estrogen-like actions. Our food and water supply are laden with xenoestrogens from herbicides, pesticides and petrochemical residues from plastics. Estrogen compounds are fed to chicken and cattle to increase production. The common practice of microwaving food in plastic containers produces more xenoestrogens. Since xenoestrogens are involved in numerous health problems (including uterine fibroids, ovarian cysts, menopausal symptoms, etc.), it is wise to both reduce your exposure to them and improve your body's ability to balance them and break them down at the same time. Choosing organically grown eggs, milk and meat reduces your exposure. Pesticides are another source of xenoestrogens. So, eating organically grown fruits, vegetables, grains, nuts and beans will also decrease your exposure to xenoestrogens. When you can't get organically grown fruits and vegetables, be sure to thoroughly wash your produce with Nature's Fresh from Nature's Sunshine.

May special: 15% off retail price on any supplements pertaining to women's health concerns

For more information and a free newsletter explaining in greater detail the effect of xenoestrogens on our health and the supplements that will be helpful please contact me:

As a nurse practitioner, I can perform physical examinations,  
well child exams, sports physicals, routine medical procedures,  
prescribe medications, monitor patients' health status and  
educate and counsel patients.

Please call to schedule an appointment with me for your
